Marilyn Monroe—arguably the most famous blonde in history—continues to reign supreme. Although she's been gone nearly 40 years, the indelible impression she left on the world is still evident today. As proof, our fans and readers have crowned Marilyn the sexiest Playmate of the Fifties. Point blank, Marilyn oozed sex appeal. And in a decade that favored traditional roles, she pushed the envelope and made it acceptable for women to express their femininity, as well as their sexuality. As a tribute to other beautiful women who furthered that crusade, you selected **Ellen Stratton, Jayne Mansfield, Bettie Page** and **Joyce Nizzari** as the remaining top picks for the sexiest Playmates of the Fifties.

Stella Stevens was bound for stardom (after all, her name means "star" in Italian). Best known for her role as *Appassionata* in the film version of *Li'l Abner*, her on-screen counterparts read like a who's who of Hollywood—from Jerry Lewis to Dean Martin to Ernest Borgnine. Over the years her sparkling beauty hasn't faded, with fans voting her the sexiest Playmate of the Sixties. Our readers also acknowledged several other heavenly bodies from the Sixties, including Playmates Susie Scott, Cynthia Myers, Helena Antonaccio, and Donna Michelle.

While that decade is remembered mostly for ushering in disco music and choreographed dance moves, feathered hair and mood rings, it also unveiled an array of sexy Playmates that you voted for as your top picks of the Seventies, including Candy Loving, Patti McGuire, Debra Jo Fondren and Liv Lindeland.

If for some reason Petra didn't fulfill your fantasy, you were in luck, because the Eighties delivered plenty of sexy girls in various hair colors, shapes and sizes. It's no secret that **Pamela Anderson** is the hottest blonde on the planet. So, it should come as no surprise that our readers selected her as the sexiest Playmate of the Nineties. Since her *PLAYBOY* debut in 1990, Pam's been able to parlay her looks, charm and personality into a multimillion-dollar business—from *Baywatch* to *VIP* to the multiple times she's graced our covers, this girl knows how to work it. You might think it would be impossible for any other women to get attention with Pam's omnipresence, but your remaining top votes went to Playmates **Karen McDougal**, **Brooke Richards**, **Lisa Matthews** and **Heather Kozar**, who aren't your average girls, either.
